INTRODUCTION

The Office Career and Life Education (OC & LE) of Delaware Valley College is pleased to present the Senior Survey for the Class of 2009.

This survey includes students with the graduation date of December 2008 and May 2009. Statistics are derived from a survey response pool of 204 from a total graduating class 340. Of the graduates, 145 or 71% have reported post-graduation employment or graduate school acceptance. Employment plans were reported by 100 or 49% of graduates. Graduate school plans were reported by 45 or 22% of graduates. The remaining 59 or 29% indicated they were still seeking employment at the time of this report.

This employment success translates into a range of starting salaries from $20,000 to $75,000 with a reported average salary of $47,500.

OC&LE assisted students with their career and professional development, offering opportunities to prepare for their job search and connect with industry representatives. Programs, services and workshops available to students in the last academic year include:
