OH 4125  
*Ecological Landscape Management and Restoration*  
The intent of this course is to present and develop the methodology to restore, manage and design natural systems and landscapes. The focus will be on a variety of different habitat types, including: woodlands, urban woodlands, grasslands, wetlands, and parkscapes. Prerequisite: Landscape Graphics and Major Native Landscapes. Field trips are required. 2 hours Lecture and 3 hours Laboratory — 3 credits

OH 4145  
*Advanced Floral Design*  
Emphasis is placed on creative floral design techniques for weddings, parties, funerals, holidays, and current design trends. Discussions follow the history of some design styles, market trends, current plant availabilities, shop management and operations. Prerequisite: Introductory Floral Design. Offered in Fall Semester of odd numbered years. 4 hours Studio — 2 credits

OH 4206  
*Nursery Management*  
This course offers a study of the various practices and methods of operating a commercial nursery for the production of ornamental trees and shrubs. Prerequisites: Woody Plant Identification I and II and Plant Propagation, or Permission of Instructor. Offered in Spring Semester of odd numbered years. 2 hours Lecture and 3 hours Laboratory — 3 credits

OH 4209  
*Greenhouse Management*  
This is a study of the principles involved in the construction, maintenance, and utilization of greenhouse facilities, including the management of the greenhouse environment. 2 hours Lecture and 3 hours Laboratory — 3 credits

OH 4215  
*The Built Environment*  
The central objective of this design studio is to develop a holistic view of how to integrate the fabric of the built environment with the natural environment. The course explores plant associations, plant species and planting methods appropriate to urban conditions and stresses the geometry of space created by buildings, fountains, walls, pavements, etc. Several design projects are undertaken. Prerequisite: Major Native Landscapes. 6 hours Studio — 3 credits

OH 4230  
*Landscape Contracting and Bidding*  
The course focuses on the comprehension of the costs involved in the operation of a landscape contracting business, strategies for the recovery of those costs, and methodology for obtaining reasonable profits. 3 hours Lecture and Discussion — 3 credits

**PHYSICAL EDUCATION**

PE 1109, 1209  
*Physical Education I and II*  
Two credits are required for graduation. This course emphasizes the importance of physical fitness, with carry-over value. Each student enrolled in the College engages in designated activities. The activities are geared toward developing a level of fitness which will enable individual students to function at peak efficiency. Activities include: weight training, aerobic conditioning, jogging, dance exercise, dance on video, aerobics and other fitness activities. May be taken a maximum of 4 times — 1 credit each

PE 2011  
*First Aid and Cardiopulmonary Resuscitation*  
This course is designed to prepare the student, through knowledge and skill development, to meet the needs of most situations when emergency first aid care is needed and medical assistance is not readily available. This course enables students to increase personal safety and accident prevention knowledge by becoming acquainted with many causes of accidents and with action that can be taken to eliminate or minimize such cases. This course cannot be used to satisfy the Physical Education Core Curriculum requirement. 2 hours Participation — 2 credits
