Welcome to DelVal’s January 2011 Orientation!

As a new student, you are aware that there will be many requirements and adjustments needed to be successful in college. You have worked hard for your academic success, and now you are ready to take the next step: being a part of Delaware Valley College.

We have designed this accelerated Orientation especially for new students coming to the College mid-year. While there will be many opportunities in the coming months to acclimate yourself to the College, this Orientation has been designed specifically to address those “housekeeping issues” that need to be completed in order to have the time to fully integrate yourself into the College community.

You will find a checklist below that will help you to navigate your day with us. There will be certain sessions that are mandatory (please check your letter from us informing you of what tests you will need to take on January 18th) and other items/places that we recommend you familiarize yourself with while you are on campus. Please visit our Student Center commuter lounge, located on the second floor, to receive your student handbook, residence hall keys (if you will be living on campus). Administrative personnel will be there to welcome you and answer your questions.
