A fun new class on Travel! Mary and Don will share their experiences living in Europe and visiting 43 countries on five continents – including many U.S. National Parks. Students will be encouraged to add their own travel highlights – giving tips on what to see and do, recommending tour operators and cruises, and adding various “how-to’s.” This will be a discussion class, with everyone sharing their good (and bad) experiences. And if you haven’t seen much of the world you’ll get good ideas for getting started.
