Frequently Asked Questions

- **How will the Summer Advantage show on my invoice?** You will see a credit titled “Summer Advantage” for the reduced amount on your invoice.
- **What happens with the fees?** Fees are not affected by this Advantage program. You will continue to be charged per the fee schedule.
- **Do I have to register for all of the courses at the same time?** No.
- **I have financial aid for my summer courses, will this be affected?** It depends on the type and amount of the financial aid awards you receive. In the majority of cases there should be no impact on financial aid awards. All students with awards and Summer Advantage will be issued a financial aid award letter showing the Summer Advantage amount and other aid awards. Students can also view award letters online.
- **What happens if I drop one of my courses?** If you drop your first course, you will be charged for that course per the refund policy and the cost of the second course will no longer be reduced.
- **What happens if I withdraw from one of my courses?** Officially withdrawing from a course after the add/drop period does not change invoicing. No adjustments will be made.
- **What is the difference between a drop and a withdrawal?** A course drop will remove the course from your academic record. Drops occur before or during the drop/add period. A course withdrawal will appear on your academic record with a grade of “W” for the course. Withdrawals take place after the drop/add period. Course withdrawals do not result in a refund under the refund policy.
